Negro Fatally Shot.

Sam Johnson, a negro, shot and probably fatally wounded George Stewart, another negro, in Cynthiana, Wednesday afternoon, two shots penetrating the kidneys. Johnson was taken to Covington where he was released on bond. Coming back to Cynthiana, he is alleged to have hunted up Stewart, the shooting following. Johnson and his wife were arrested for killing a negro from Indianapolis

about two years ago, but were freed on the plea of self defense. Johnson gave himself up to the police and was lodged in the county jail.

Injuries Prove Fatal

The unknown white man who was found near the L. & N. track with his skull broken near Winchester Sunday, died at the Richmond hospital Wednesday without gaining consciousness. While the man was in a semi-conscious state Dr. Sherley, of Winchester, gathered that he might be Scott Watson, from somewhere in Pennsylvania. The body will be kept at Oldham & Lackey's undertaking establishment in Richmond for several days pending identification.

New Insurance Rates Lower

Basing his estimate on an average reduction in insurance rates on city and town dwellings of 17 per cent and on farm property of 20 per cent. Chairman Ruby Laffoon, of the State Insurance Rating Board Wednesday declared his belief that the new rates substituted for the December schedule in settlement of the injunctions by the insurance companies, will effect a saving to the policyholders of the State of between \$240,000 and \$275,000 annually.

DiETING on Aged Hen Fruit.

Age is no detriment to Kansas eggs, according to Dr. S. J. Crumbine, dean of the University Kansas School of Medicine, and secretary of the State Board of Health, who Saturday started a series of tests in an effort to prove that his theory is correct. A squad of men for ten days will be fed eggs two years old. The aged cold storage product will be served raw to the men each day with their meats and careful records will be made of their physical condition during the tests.

Sheep Claims Pro Rated.

Bourbon county farmers who lost sheep from being killed by dogs will receive only about twenty-five per cent of the appraised value of their losses. During the year 1912 the losses sustained by the farmers of this county amounted to the sum of \$3,350.50 which was approved by the Fiscal Court and referred to the auditor of public claims. The amount of dog tax paid into the State Treasury by Bourbon county for last year, and which was for the purpose of meeting the loss, was prorated at a fraction over 25 per cent and the State Auditor forwarded to County Clerk Pearce Paton the sum of \$995.52, which will be distributed among those who have claims.
